JOURNAL OF THE BIOLOGICAL PHOTOGRAPHIC ASSOCIATION

INDEX TO VOLUME 35 — 1967

A

Agar Gel Staining Technique for Improved Contrast of Precipitin Line Photography 3

A High Intensity Light Source for Cinephotomicrography 126

A Lighting Technique for Photography of Fluorescent Chromatograms 69

A Method for Standardizing the Photographic Reproduction of Charts and Graphs 57

An Improved Light Meter for Photomicrography and Close-up Techniques 177

A Photographic Method for Quantitating Blood Flow in the Pulmonary Microcirculation 95

Arendt, Kenneth A. 126

Association Services Available 48-92-144-192

A Storage and Retrieval System for Projection Slides 60

Autoradiographic Labelling of Exfoliated Epithelial Cells from Bladder Mucosa 40

B

Barker, D. Boyd 95

Barton, John J. 158

Beeman, Earle C. 126

Biological Stains, Color Photography of 33

Brinkhous, William K. 147

C

Color Photography of Biological Stains 33

E

Ellis, L. D. 24

English, Bryant 60

Engstrom, George W. 69

Exfoliated Epithelial Cells from Bladder Mucosa, Autoradiographic Labelling of 40

F

Fernelius, Albert L. 3

Foster, Joseph E. 11

Fluorescent Immunoelectrophoresis Slides, Low Power Photography of .. 21

Focal Plane Readings, Meter Modification for 83

G

Gervais, Robert H. 19

Gibson, H. Lou 120

Gjersvik, Torlief 21

Glazier, Ralph M. 3-69

H

Harding, Ferdinand R. 109

High Intensity Light Source for Cinephotomicrography, A 126

I

Intramural Production of Non-Technical Films 51

Improved Contrast of Precipitin Line Photography, Agar Gel Staining Technique for 3

Improved Light Meter for Photomicrography and Close-up Techniques, An.. 177

Irvine, Ronald F. 40

J

Jerry, Norman L. 73

Journal Library Program, The 186

K

Klosevych, Stanley 65-130

Koster, Lewis W. 33

Kusma, Anthony M. 83

L

Latent Image, The 1-49-93-145

Leo C. Massopust, Sr., FBPA 114

Lighting Technique for Photography of Fluorescent Chromatograms, A 69

London Communique: Operating Theatre Photography 24

Low Power Photography of Fluorescent Immunoelectrophoresis Slides 21

M

Massopust, Leo C., Sr. 114

McIntyre, David J. 155

McKim, James W. 27

Meter Modification for Focal Plane Readings 83

Method for Standardizing the Photographic Reproduction of Charts and Graphs, A 57

Mirror Photography 158

Monochrome Prints from Color Motion Pictures 161

N

New Products 85, 183

Non-Technical Films, Intramural of ... 51

O

Official Announcement — The Board of Registry 87, 187

P

Patient Handling 19

Photographic Method for Quantitating Blood Flow in the Pulmonary Microcirculation, A 95

Photographically-Produced Borders for Projection Slides 11

Photographing Living Tumors Through a Transparent Chamber Inserted in the Hamster Cheek Pouch 173

Photomicrography-Interference Contrast. 65

Powell, Donald G. 57

President's Message 94

Professional Portraits of Professional People 27

Progress in the Science of Photography Through the Microscope 130

Projection Slides, Photographically-Produced Borders for 11

Q

Quantity Dipping and Processing of Radioautographic Slides 73

R

Radioautographic Slides, Quantity Dipping and Processing of 73

Rapid Sequence Photography of the Ocular Fundus 166

Reproducing the Difficult Radiograph .. 109

Romp, Wayne A. 69

S

Science of Photography Through the Microscope, Progress in the 130

Silvers, G. Wayne 95

Smialowski, Arthur 161

Smith, Bob 11

Sparks, Dixie 166

Staugaard, Burton C. 177

Stimulation of Fluorescein in External Ophthalmic Photography, The 155

Storage and Retrieval System for Projection Slides, A 60

Strong Infrared Absorption by Rotted Cactus Pulp 120

T

The Journal Library Program 186

The Stimulation of Fluorescein in External Ophthalmic Photography 155

The Ullberg Technique of Whole Body Autoradiography 147

U

Ullberg Technique of Whole Body Autoradiography, The 147
